Gary Leydig advocates the rights of franchisees, dealers and distributors in their dealings and disputes with their franchisors, suppliers and manufacturers. He represents and counsels clients located across the country and operating in all industries and service sectors. His recognized trial skills have resulted in substantial recoveries for mistreated or terminated franchisees. In an unusual nod to an attorney's skill, the United States Court of Appeals has described Mr. Leydig as "a Franchise Act maven" and "one who...actually understands franchise law."

Mr. Leydig and the lawyers at Worker, Sitko & Hoffman LLC would consider it an honor to represent your interests.
